

Freedom Rock

Frank Black

My name is Chip
And I'm different
I don't conform
I wear a different uniform I'm out of the blue
And so you are too
Let me sing about
One thing that's clear That nobody owns
The pleasure of tones
That belongs to a guy with no ear They tried to give me advice
Down at the record shop
I said, "Sit down boys
This may come as a shock" What's all I listen to
It's all freedom rock
How can you free me?
How can you free me?
How can you free me?
How can you free me?
When I'm free? I am free My name is Chip
And I'm different
I don't conform
I wear a different uniform I'm out of the blue
And so you are too
Let me sing about
One thing that's clear That nobody owns
The pleasure of tones
That belongs to a guy with no ear
