Dirty Mind

Halestorm

Yeah
It's the only way that I want it - Inside
Yeah
Don't you want me to want it - Oh no
Yeah
And other things I consider
You know you'll never forgive me
'Cause a dream is a weapon
And I think about you everyday
So come for the danger, stay for the strange
But I'm never going to give it away
You'll never clean my dirty mind
You'll never clean my dirty mind
All right X2
Yeah
And I don't need protecting
From the way I'm connecting
Yeah
'Cause it's never as good
IF you do as you should

Yeah
You've gotta let yourself dream it
You've gotta let yourself mean it
'Cause a dream is a weapon, and I think about you everyday
So come for the danger, stay for the strange
But I'm never going to give it away
You'll never clean my dirty mind
You'll never clean my dirty mind
All right X2
'Cause a dream is a weapon
And I think about you everyday
So come for the danger, stay for the strange
But I'm never going to give it away
You'll never clean my dirty mind
You'll never clean my dirty mind
Alright
X4
