

Trolley Wood

Eisley

Out one day walking one day, out one day with you Hallelujah
We found a wood with trolleys on wheels rolling all around the hills
Hallelujah and just as soon it had slipped into the sleepy dusk
And it's not very likely that we'll see it out, we'll see it out again
Out one day walking one day, out one day with
you Hallelujah
We found a wood, we unfound a wood and then we cried, "Oh no"
And please tell me, will we ever find it again?
In the depths of Trolley Wood, do trollies still drive?
Gone for the day to the Trolley Wood
I've gone for the day to the Trolley Wood
The Trolley Wood is takin' me away
Out one day walking one day, out one day, with you Hallelujah
We found a wood, we unfound a wood and then we cried, "Oh no"
And please tell me, will we ever find it again?
In the depths of Trolley Wood, do trollies still drive?
Gone for the day to the Trolley Wood
I've gone for the day to the Trolley Wood
I've gone for the day to the Trolley Wood
The Trolley Wood is takin' me away
Out one day walking one day, out one day, with you Hallelujah
