

# **Wisdom, Justice, and Love**

## **Linkin Park**

I come to this magnificent house of worship tonight  
Because my conscience leaves me no other choiceA true revolution of values will lay hands on the world order  
and say of war  
This way of settling differences is not justThis business of burning human beings with napalm  
Of filling our nation's homes with orphans and widows  
Of injecting poisonous drugs of hate into veins of people normally humane  
Of sending men home from dark and bloody battlefieldsPhysically handicapped and psychologically deranged  
Cannot be reconciled with wisdom, justice and love
