All Hustle No Luck

French Montana

All my niggas smoking dope

Got 100 on my neck

Jungle ain't no joke

Keep 100 with my set Young fly niggas getting bossed up

Only bad bitches getting tossed up

Drinks by the liter getting tossed up

Pull up in the drop or that Porsche car

Every hitter with me gone fire

Every bad bitch is gone slide

All hustle no luck

This shit is all hustle no luck

Always been a street nigga

Getting money, staying loyal to my street niggas

And I keep lowkey killers

And we all even, we'll prey on weak nigga

Niggas snitching doing the weak nigga

And we at niggas if we tweeting on tweet niggas

7K in the 7, you'll be dead in a week nigga

And the lean got me sleep nigga

370 feeling like, I remember days I ain't have none'

Used to run around like a young don

Now I'm sipping lean, pouring up muddy

French showed me the way boy

Traffic in my city, I stay knowing

Keep a bad bitch like playboy

I'mma disown you and spray boy

Shout out to my shooters, much love to the jeweler

Much love to the Ruger, tell the streets I'm a student

And I graduated, I ain't stupid

[?] deal on a Cuban

Real niggas back, that's a movement

We the wrong gang to be a tool with

100 the shooter, 200 the Cuban

300 the coupes, all features included

All over the planet, home court advantage
Gave her the menu, she ordered the sandwich
She had a plan, she saw the phantom
Then I got ghost, whole nother planet
Young fly niggas getting tossed up
On the road to the riches took the shortcut
All them niggas hating but the hoes love him
You know I'm flying in nigga, no [?]
And I'mma dive in it nigga, no rubber
Pulled up front row, pulled a [?] This is hustle no luck
Nigga got money in a pocket, big bucks, what the fuck
I like bitches with titties but if you ain't got titties
I could buy em for you, money ain't shit
No, I'm a fucking star
See me in a fucking G6, flying far
I'm LA, to Toky-oky-o
Playing these hoes like it's Nintendo
Ten twenty, hundred dollar, euro and pounds
Bitch I'mma make it rain if you drop it drop it down, down
Turn it up, bitch what the fuck
Give me more champagne, drink that shit up
Champagne, shower shower shower, uh
I got power power
Spend a hundred thousand dollar dollar dollar
On champagne shower shower, bitch I got power power
Spend a hundred thousand dollar dollar dollar
