

# Blood Red Skies

## Judas Priest

As the sun goes down, I move around  
Keeping to the shadows  
Life, hangs by a thread  
And I've heard it said, that I'll not see tomorrow  
If that's my destiny, it'll have to be  
So I'll face the future running out of time  
I'm on the line  
But I'll go down fighting  
Felt the hand of justice telling wrong from right  
Threw me out upon the street in the middle of the night  
Cybernetic heartbeat, digital precise  
Pneumatic fingers nearly had me in their vice  
Not begging you  
I'm telling you  
You won't break me  
You won't make me  
You won't take me  
Under blood red skies  
You won't break me  
You won't take me  
I'll fight you  
Under blood red skies  
Through a shattered city, watched by laser eyes  
Overhead the night squad glides the decaying paradise  
Automatic sniper with computer sights  
Scans the bleak horizon for it's victim of the night  
They're closing in  
They'll never win  
You won't break me  
You won't take me  
You won't make me  
Under blood red skies  
You won't break me  
You won't take me  
I'll fight you  
Under blood red skies  
As the end is drawing near  
Standing proud, I won't give in to fear  
As I die a legend will be born  
I will stand, I will fight, you'll never take me alive  
I'll stand my ground  
I won't go down  
You won't break me  
You won't take me  
'Cause I'll fight you  
Under blood red skies  
You won't break me  
You won't take me  
'Cause I'll face you  
Under blood red skies  
You'll never take me alive  
I'm telling you  
Hands of justice
