Idea

Cold Memory

I been thinking sitting on a pole
I'm getting sick of doing what I'm told
Just me and the mirror and my brain
But that was when I got an idea
Came like a gun and shot in my ear
Don't you think it's time you got up and stood alone?
Fifteen years I lay down on the ground
I couldn't feel any noise or hear any sound
Fifteen million years I've spent down the line
But that was when I got an idea
Came like a gun and shot in my ear
Don't you think it's time you got up and stood alone?
Get up and stand alone
That was when I got an idea
Came like a gun and shot in my ear
Don't you think it's time you got up and stood alone?
Get up and stand alone
That's when I got an idea, I got an idea
That's when I got an idea, I got an idea
That's when I got an idea, I got an idea
That's when I got an idea, I got an idea
