Enemies

JF Robitaille

Oh I miss my old enemies
And all this useless beauty
That I have seen
Will everything I lost come back to me?

Our bodies were bruised
They were broken here
Yeah, our eyes were barely open, dear

And your lies and my faith
And your beauty - my mistakes
Thrown against these walls
Just to see what breaks

And we followed the lights
Through these streets every night
Burning every thing after
Covering every inch of this disaster

So I'll memorize your face
Before we leave this place
And all these poor old souls
And strangers standing here
Before the last of this smoke clears
And the dust will settle
Wounds will heal

There'll be nothing left
To prove that this was real

Oh I miss my old enemies
all this useless beauty
That I have seen
Will everything I lost come back to me?
Come back to me
Oh, come back to me
Come back to me
