

# Off Your Face

## My Bloody Valentine

Hate, pretend that I adore you  
Hate, what do you take me for youCry baby shame  
You're in love with the game  
Swallow the pain  
Nothing else will remainHate, what I will do is scar you  
Hate, don't say I didn't warn youCry baby shame  
You're in love with the game  
Riding away and then care free again
