

# Dear Mr. President

John C. Reilly

Dear Mr. President I live in the hood  
Where people live bad but say it's all good  
And my homies slanging and robbing  
Caught a misdemeanor felonies  
We can't survive it and three strikes niggas out it  
But we don't give a fuck 'cause niggas down here 'bout it, 'bout it  
One nation in God we trust  
But then you say Saddam ain't gonna fuck with us  
(Uh)  
Now you see how we feel niggas set trip, ride and gang bang  
That's how they get killed you run from the press  
We run from killers and jackers and wear bullet proof vest  
Some say the president like weed and hoes  
Down here it's young niggas riding sixes with o's, got  
Terrorist wantin' to blow you away  
I got niggas in the ghetto wantin' to take my place  
You got secret service roamin' the streets  
I got a bunch of no limit niggas ridin' with me  
Dear Mr. President  
(Mr. President)  
My letter to the President  
The President  
Dear Mr. President  
(Mr. President)  
My letter to the President  
The President  
Dear Mr. President, mama just lost her job  
Daddy just got paid, coming home he was robbed  
Landlord giving us three days to disappear  
Santa Claus missed our house this year  
You got the White House protected by the government killers  
We got the crack house protected by them neighborhood dealers  
Opportunity ain't never knocked  
And they be locking niggas up for slangin' petty rocks  
If you could answer my questions I wouldn't stress  
That's why a nigga smoke crack, snort coke  
And hit the weed when they stress me  
Niggas die in the ghetto put they face on a shirt  
White folks get killed and its a city wide search

Go and holler at a nigga when you need a vote  
My lil' homie got twenty for weed and coke  
Nigga cross my heart and hope to die  
I'm begging for change  
But only you can take the tears  
Out my people's eyes  
Dear Mr. President  
(Mr. President)  
My letter to the President  
The President  
Dear Mr. President  
(Mr. President)  
My letter to the President  
The President  
Dear Mr. President  
(Mr. President)  
My letter to the President  
The President  
Dear Mr. President  
(Mr. President)  
My letter to the President  
The President
