

# Freedom

[Paul Renna](#)

Side by side we're standing tall  
We're leaving here  
When in doubt the sun will fall  
We're leaving here  
Turn the pages scream and shout FREEDOM Keep the faith and let me know  
Just how you feel  
Hold my hand its time to show  
Just how I feel  
Turn the pages scream and shout FREEDOM  
" repeat "I know the sun will be shining  
When everybody is smiling  
Freedom Freedom I wanna be free  
I wanna be free  
Say I wanna be free  
I wanna be free Raise your hands in the air  
Sing out loud  
And lets rejoyous a time to share  
Sing out loud  
Turn the pages scream and shout Freedom Side by side  
We're leaving here  
When in doubt the moon will fall  
We're leaving here  
Turn the pages scream and shout Freedom  
" repeat "Freedom x 8
