

# Myenemy (Inagwa Remix)

## Parcels

So fight up  
Take a seat  
So tight up  
Only make believe  
All my love  
Take from me  
All eyes up  
But nothing there to see  
What I never touch  
I see  
What it never touched me  
Oh what I never thought I dreamed  
My enemy!  
Cold enough  
The shake in me  
It's so tough  
Just wait here patiently  
So times' up  
This jade in me  
So I must  
Fight the time we keep  
What I never touch  
I see  
But what it never touched me  
What I never thought I dreamed  
My enemy!  
So tight  
So tight up  
Tight up  
My enemy!
