Wackor

I gave you my heart (x2)
Moving pictures in my mind
a broken promise every time
oh (x4)
How did I let you run me dry
we couldn't stand the test of time
oh (x4)
its x's and o's and the game has just started (x3)
If you wanna stay then learn to play the game
I gave you my heart , I I I I I gave you my heart (x2)
But Im giving up, I I I I I gave you my heart
I gave you my heart, I I I I I gave you my heart
How did you get inside my head
Killed me with every word you said
oh (x4)

Now your time is running out
break my heart don't make a sound
oh (x4)
its x's and o's and the game has just started (x3)
If you wanna stay then learn to play the game
I gave you my heart , I I I I I gave you my heart (x2)
But Im giving up, I I I I I gave you my heart
I gave you my heart, I I I I I gave you my heart
Afraid of the dark, Im broken
Afraid of the sea, don't drown me out
afraid of the past, afraid of the crash, afraid that this game won't last
I gave you my heart
I gave you my heart , I I I I I gave you my heart (x2)
But Im giving up, I I I I I gave you my heart
I gave you my heart, I I I I I gave you my heart
