

It Had To Be (2010 Remaster)

Badfinger

Had to be, don't look back, you're older
Take it from me
Love you have is stronger And in your eyes I see myself
I want from you what you want of me
And you know
The love you have is stronger It had to be, don't look back, you're older
Ahh, ahh And in your eyes I see myself
I want from you what you want of me
And you know
