Fading Silently (live)

Nosound

we used to talk so long
about the things to come
nights flowed into the sea
smiling and feeling free
your eyes too deep to lie
to moments passing by
inviting me near you to see
you started silently
we were lying in the sand
you were holding my hand
you were playing in the sea
always smiling at me
then you fell into the dark
moving and waving your arms
I call your name into my sleep
I'm lying to me
we use to talk so long
about the moments gone
you always tried to melt my pain
love without restraint
your eyes too clear to lie
the friends surrounding smile
inviting me near you to see
we're fading silently
we were lying in the sand
you were holding my hand
you were playing in the sea
always smiling at me
then you fell into the dark
moving and waving your arms
call my name into your sleep
I still hope you'll be here
