

Sha-la-la (make Me Happy)

Al Green

Baby, baby
Sha-la-la, oh baby
Sha-la-la, oh baby
I've been gone so long I don't know what to do, oh baby
And I know you don't know all that I've been going through, baby
Now you make me happy baby
So I can say
Sha-la-la, and I love you, oh
Sha-la-la, thinking of you, oh
I know you can tell what's on my mind, baby
I've been feeling this way for such a long time, hey, hey, baby
Awh, make me happy, baby, yeah
Awh, make me happy, I wanna be happy yeah
I've tried and this feeling, it just wont die, whoa, sha-la-la, make you cry
Hey, it's something that just gets down in your bones, baby
And once I see you I can't leave your love alone, hey, hey, baby
Awh, make me happy baby, awh, make me happy baby, and let me say
Sha-la-la, baby, oh, let me say
Sha-la-la, baby
