No More Days To Waste

Aloha From Hell

Do you mind if I blow up their rainbows
Make a joke and crack up till it hurts
Do you mind if I like talk forever
We gonna go where no one ever goes!

This is it! I'm running down the hallway
Our school is out
There's nothing more to say

Watch out 'cause trouble's coming!

Head down town, scream out loud!
We're gonna break some rules
No more days to waste!
So get a move on we're gonna have fun
No more days to waste!

Living a life like there is no tomorrow
Won't slow us down
It's a one way ticket ride
Listen up, tonight is gonna happen
So follow us 'cause we're living for the day

Watch out 'cause trouble's coming!

Head down town, scream out loud!
We're gonna break some rules
No more days to waste!
So get a move on we're gonna have fun
No more days to waste!

No more days to waste!
