

Old Man Jimmy's Psychic Emanations

Echo Orbiter

Took a ride; Stayed a child; Tell us all you know; Of this place you know so well

Cold day along the bay
Seagulls sweep the placid bay
Disappear in neon clouds
He sees them fly

Old man Jimmy came to head

Spins his tales of friendly trolls
Smoking pipes atop the knolls
What is anything about?
He always knows

Old man Jimmy came to head

Old man Jimmy came to head
Old man Jimmy came to head
Through fantasy he is a friend
His genius will never end
