Tune-Yards

Wait for me honey
Wait for me honey
I will never get to sleep
Rebel, rebel, no
I can never get to sleep
I'm a rebel, rebel, no
Hold me til I get to sleepOh baby bring me home to bed
Rebel, rebel, no
Valium dances in my head
Devil, devil, whoa-oh
Rolling steady as a boulder
Not a pebble, pebble whoa-oh-oh
Baby, bring me home to bed
I need you to press me down before my body flies away from meYour power
Inside
It rocks me like a lullaby
Your power
Inside
It rocks me like a lullaby
Your power
Inside
Oh baby, I just don't know why
Your power
Inside
Your power
InsideWaiting for you
Hurry upMirror, mirror on the wall
Can you see my face at all?
My man likes me from behind
Tell the truth I never mind
'Cause you, you bomb me with life's humiliations everyday
And you, you bomb me so many times I never fond my way
Come on and bomb me
Why won't you bomb me?
Come on and bomb me
Go on and whoa-oh-a-woah-a-oh-ooh-ohYour power
Inside
It rocks me like a lullaby
Your power

In my mine
It gives me thrills I can't describe
Your thing in mine
Oh baby, I just don't know why
Your power
Inside
Your power
