Don't Tell Me

Matthew Heath & Grady Griggs

I wanna feel, I need to see
Somewhere I can triumph,
Where the soul breaks through the freeze,
I wanna heal, I need to sleep
Somewhere I rely on,
Where the sun rakes through the breeze,There's a wolf inside my throat,
And it said my life's a joke,
You can scream out if you want,
But no one ever hears,Don't tell me this whole life
Is a read-through for the next,
Don't tell me this whole time
Is a blink you just forget,
Well it's hard to believe what's true,
Caught by the way we move,
Don't tell me this whole life
Is a place you just regret,
I wanna peel,
I need to breach,
And go back through my own head,
Where the frost turns to belief,But there's a wolf inside my throat,
And it said my life's a joke,
You can scream out if you want,
But no one ever hears,
Don't tell me this whole life
Is a read-through for the next,
Don't tell me this whole time
Is a blink you just forget,
Well it's hard to believe what's true,
Caught by the way we move,
Don't tell me this whole life
Is a place you just regret,
Everyone has bled to reconcile,
But how could anybody change their mind?
Everyone keeps waiting in denial,
Alone, alone,Don't tell me this whole life
Is a read-through for the next,
Don't tell me this whole time
Is a blink you just forget,
Well it's hard to believe what's true,

Caught by the way we move,
Don't tell me this whole life
Is a place you just regret...
