

# Metamorphosis

Jeff van Dyck

I've never realized how bad it was  
To lose the ground to rest my feet  
    Humanity is lost inside  
    My eyes can't teach my mind  
Clockwork nerves controlled my arms  
    Pupils are wide open to see  
    No coming back from where I left  
I'm a rotten orange healed by force

    A number was my name  
    A priest was my strength  
    A cell was my home  
    A nightmare so unreal  
I'm not the man I used to be  
I'm something else, this is not me  
    No self respect, no memory  
I'm living my own metamorphosis
