Lazy Wonderland

Broken Bells

I'm down by the fire
At the ocean side
Just waiting for that underwater world to say good nightDon't you hear that sound?
From that tide and send
They'll tell us to keep rowing and rowing if we canSo I've learned to keep my head in this lazy wonderlandWell you had to know
That I had to know
The tricks for us not to be found out
There's a place we can go
The trip is on but we can find a wayTonight we'll go
Laughing all the way, my love
Tomorrow we'll go
Back in time to live todayTo all the men who ride
In the morning light
Lying stubborn at the ending of another lovely nightAnd I've misplaced my mind, don't know how or why
And when it wonders back I hope it's still a friend of mineWell you had to know
That I had to know
The tricks for us not to be found out
And there's a place that we can go
The trip is on but we can find a wayTonight we'll go
Laughing all the way, my love
Tomorrow we'll go
Back in time to live today
