Truce

Lucius

I caught you talking to yourself
You're so fed up and I can tell
This leads to nobody's win
Why don't we bury this thing
There's words we meant to say
And words we can't erase
But this hatchet's rusted out
Don't need it anyhowNow that we've opened the floor
Move with me until we are curedI know we've had enough
You know it's true
I'm calling your bluff
Let's call it a truce
I know we've had enough
You know it's true
I'm calling your bluff
Let's call it a truceYou caught me falling under your spell
It's been some time but I can tell
We haven't flown too far
To save our lonely hearts
There's words we meant to say
And words we can't erase
But this hatchet's rusted out
Don't need it anyhowNow that we've opened the floor
Move with me until we are curedI know we've had enough
You know it's true
I'm calling your bluff
Let's call it a truce
I know we've had enough
You know it's true
I'm calling your bluff
Let's call it a truceI know we've had enough
You know it's true
I'm calling your bluff
Let's call it a truce
I know we've had enough
You know it's true
I'm calling your bluff
Let's call it a truce
