Universal Family

Fred Ellis

Youre my mother father sister brother uncle and auntie,
Youre everything to me.
You come in white black brown yellow and red
What more can be said!
Youre from the North, South, East and West,
but no matter where youre from you are the best.
I want the whole world to see, you are my universal family.Well my family is the whole universe
it doesnt matter who you are or where youre from.
I have a deep love and affection
for each and everyone
Im so glad that youre a part of my life
cause you mean so much to me
I want the whole world see,
youre my universal family.Well my family is so diverse and wide,
there are a lot of us,
when we stand side by side.
As we grab hands in a circle, no one can divide us.
Im so glad that youre a part of my life
cause you mean so much to me.
I want the whole world see,
youre my universal family.My family cheers me up when Im down;
when its time to help me theyre always around.
I would be so lost without them,
what more can I say,
Im glad that you are a part of my life
cause you mean so much to me
I want the whole world see,
youre my universal family.
