

Salty Sweet

Ms Mr

This problem lies in the awnser I won't find
To the question I know
That hasn't crossed your mind
That hasn't crossed your mindHeart beat a step find it hard to catch my breath
Or put this one to rest
Damned if i do and bored if I don't
No winners in this race
When you're caught up in this raceWe fear rejection
Prize attention
Crave affection
Dream dream dream of perfection
We fear rejection
Prize attention
Crave affection
Just another pop confessionI solemnly swear I am up to no good
I'd get out if I we're you I would
Pick at my nails
Slowly flake away
Just another pop confessionThe longer we liner
The sooner we warp
The longer we liner
The sooner we warpWe fear rejection
Prize attention
Crave affection
Dream dream dream of perfection
We fear rejection
Prize attention
Crave affection
Just another pop confessionFear
Prize
Crave dream fear prize
Crave dream
Fear
Prize
Crave dream fear prize
Crave dream
Fear
PrizeWe fear rejection
Prize attention

Crave affection
Dream dream dream of perfection
We fear rejection
Prize attention
Crave affection
Just another pop confession We fear rejection
Prize attention
Crave affection
Dream dream dream of perfection
We fear rejection
Prize attention
Crave affection
Just another pop confession
