What's the Use?

Willie Salomon

It's a fine day just escaped from a bad dream
Asking what's the use of figuring it all out?
I'm not starting again just continuing the same
Asking what's the use of figuring it all out?I'm a question mark
Walking, talking question mark
And I'm a question mark
Walking, talking question mark
Ooh, I'm a question mark
Walking, talking question mark, yeah yeahBut what is the question again?
What's the use of figuring it all out?I guess a man alone always talks too much, oh yeah
Can't start again so he's just continuing the same
Asking what's the use(Wha)
What's the use, what's the use
What's the use?
(Wha)
What's the use, what's the use
What's the use?(Wha)
What's the use, what's the use
What's the use
(Wha)
What's the use, what's the use
What's the useDon't know where we're going and who we are
Doesn't seem to get us too far
'Cause everything else is still a mystery
And that mystery is life, I just want to liveLife may sometimes be sad
But it's always beautiful
Life may sometimes be sad
But it's always beautiful
Life may sometimes be sad
But it's alwaysBut it's always a question mark
Walking, talking question mark
I'm a question mark
Walking, talking question markI'm a question mark
Walking, talking question mark
Woah, what is the question?I'm a question mark
Walking, talking question mark
Yeah I'm a question mark
Baby I'm a question mark, woahBut what is the question again?
What's the use? Yeah, yeah what's the use?

What's the use? Babe what's the use? Babe woah oohFiguring it all out
Figuring it all out
