

Malevolence

New Years Day

So soft So gentle
This rose is kind and still
With change comes hatred
Now time to kill I've heard it all
I know I cared too much
But It's cruel I'd let you die
I'll take the fall
I'll be the heartless one
My veins are made of ice I'm not afraid to
Take the world on myself
But if I can't have it all
Then no one will
Nothing's gonna save me
The evil that I see
Has taken over me
No ones gonna save me
The damage has been done
I'm righting all the wrongs
I'm relentless like you made me You fool Intentions once pure and simple
Now sinister and sharp
I was weak I would fall for a promise
I had no guard Been through the worse
I've seeing the purest soul
Fill up with such disdain
Watching them fall Trying to take me out
I see your foolish games I'm not afraid to
Take the world on myself
But if I can't have it all
Then no one will
Nothing's gonna save me
The evil that I see
Has taken over me
No ones gonna save me
The damage has been done
I'm righting all the wrongs
I'm relentless like you made me Rotten to the core
Sacred vows are torn
Can't expect a snake to be sheep
Can't expect a lair not to cheat (2x) I'm not afraid to

Take the world on myself
But if I can't have it all
Then no one will
Nothing's gonna save me
The evil that I see
Has taken over me
No ones gonna save me
The damage has been done
I'm righting all the wrongs
I'm relentless like you made me
