

Remember Me

Eldest 11

Look at me when I'm talking to you!
Why can't you hear me say, look at my shoes...They're so heavy from following you down...
It's sad for me to see that you think you can do this all alone...
(Let me say...)
How does it feel to know your other half was abused out of love for you?REMEMBER ME!
I had this moment of epiphany...
When the shot came from the dark of the one I envied!
With your late night confessions!
and your complex affections!
As I'm be-popping in this world, ain't nothing real! (Nothing is real!)
Ain't nothing ever going to go my way.
I keep looking at every angle trying to find a way to keep you at bay...
So Far Away!The things you did set me back in my mind...
Some say the souls are built "in the outs"...
It's my indecision to fly...
Crush these binds that hold me in time again...
Stick your fingers in, but remember me when you die and cry again!REMEMBER ME!
I had this moment of epiphany...
When the shot came from the dark of the one I envied!
With your late night confessions!
and your complex affections!
As I'm be-popping in this world, ain't nothing real! (Nothing is real!)
Ain't nothing ever going to go my way.
I keep looking at every angle trying to find a way to keep you at bay...For so long I always wanted.....Someone
who is real!
For so long I always wanted.....REMEMBER ME!
I had this moment of epiphany...
When the shot came from the dark of the one I envied!
With your late night confessions!
and your complex affections!
As I'm be-popping in this world, ain't nothing real! (Nothing is real!)
Ain't nothing ever going to go my way.
I keep looking at every angle trying to find a way to keep you at bay...
