Funny

(Verse)
I watch you behind a computer screen
It's funny how someone I don't know can mean so much to me
And every night before I fall asleep
I'm thinking of you and how you've never thought of me
Girl's line up to see you everyday
Hundreds of pretty faces and I'm feeling out of place
The smile that you hold takes my breath away
I'd travel half way across the world to see your face

(Chorus)
And I understand
That you don't know who I am (who I am)
But I watch you from afar
As you're stealing people's hearts
With your song

(Verse)
You're going far
You're chasing all your dreams
And I'm proud but all I want
Is a piece of your heart safe with me
And people love everything that you do
But the bigger you are
The smaller that I will be to you

(Chorus)
And I understand
That you don't know who I am (who I am)
But I watch you from afar
As you're stealing people's hearts
With your song

(Bridge)
When you sleep at night
What you don't even realize
Is that you're the only thing that's on my mind
And I want you bad

The only thing that makes me sad
Is you don't even know who I am

(Chorus)
And I understand
That you don't know who I am (who I am)
But I watch you from afar
As you're stealing people's hearts
You stole my heart

I watch you behind a computer screen
It's funny how someone I love will never know me
