Bluebird

Cassie Steele

as i swim mermaids dance with me,
as i drown they romance with me,
they sing sweet little harmonies,
louder and louder until i can't breath.

hey bluebird on my shoulder,
can you carry me over?

i talked to bluebird, why walk when you can fly?
she told me, baby life tastes better when you're high
I said hey bluebird can you take me for a ride
leave me on a cloud, ill live with bluebirds in the sky

as i walk i can feel the heat
as it burns i can smell the sweet
piece by piece i am yours to feast
all this pain is seducing me

hey bluebird on my shoulder,
can you carry me over?

i talked to blue bird, she said why walk when you can fly?
She told me, baby life tastes better when you?re high
I said hey blue bird can you take me for a ride
Leave me on a cloud, ill live with blue birds in the (skyyyyyy)

blue bird on my shoulder
can ya, can ya,
can you carry me,can you carry me,
can you carry me over,

oh,oh

i talked to blue bird, she said why walk when you can fly?
and She told me, baby life tastes better when you?re high
I said hey blue bird take me for a ride
Leave me on a cloud, live with you in the,
live with you in the (skyyyyyy)
