

# Rebel Girls

## Incubus

Baby we could make it to the outer reaches of inner space  
Create castles  
Monuments to flesh  
A triangled Valhalla on the side of the moon  
Raven eyed those Valkyries  
Rebel girls rebel girls tearing it up  
Pay no mind to the divide  
Raven eyes all over me, rebel girls rebel girls filling my cup  
Damn it I need to collide  
Do it so  
Rebel girls rebel girls tearing it up  
No one will know  
Rarest pearls  
Rebel girls rebel girls filling my cup  
Rebel girls  
Meeting at the gates is blue eyed and blonde  
With black eyed and brown we'll make tangible  
Inner space reflect the never quiet rebellion on the side of the moon  
Raven eyed those Valkyries  
Rebel girl rebel girls tearing it up  
Pay no mind to the divide  
Raven eyes all over me  
Rebel girls rebel girls filling my cup  
Damn it I need to collide  
Do it so  
Rebel girls rebel girls tearing it up  
No one will know  
Rarest pearls  
Rebel girls rebel girls filling my cup  
Rebel girls  
Raven eyed those Valkyries  
Rebel girls rebel girls tearing it up  
Pay no mind to the divide.
