

Butterfly

Pete Droge

Child you've got a ways to go
There's so much that you should know
Don't try to take it in so fast
You've got time...make it last
Goodbye
Goodbye

It's the end for you and I
Now, get out there on your own
Butterfly
Goodbye
Goodbye

If you ever wonder why
Know that I was born to be alone
Let those wings that you have grown
Take to the sky
Someday you'll stop and settle in
But that aint no way to begin
Don't be afraid to leave the ground
When you land you won't make a sound
Goodbye
Goodbye

It's the end for you and I
Now, get out there on your own
Butterfly
Goodbye
Goodbye

If you ever wonder why
Know that I was born to be alone
Let those wings that you have grown
Take to the sky
Don't be afraid to leave the ground
When you land you won't make a sound
Goodbye
Goodbye

It's the end for you and I
Now, get out there on your own
Butterfly
Goodbye
Goodbye

If you ever wonder why
Know that I was born to be alone
Let those wings that you have grown
Take to the sky
