New Breed

Helia

We are the new breed
We are the future
We are the new breed
We are the future
We are immune to life itself
Cold rules of reality
We are immune to life itself
Cold rules of reality
Born, bred, beaten
Born, bred, beaten
We have control of destiny
We have control of what's to be
We have control of destiny
We have control of what's to be
Born, bred, beaten
Born, bred, beaten
Born, bred, beaten
Born, bred, beaten
New breed
New breed
New breed
New breed
We are immune to life itself
Cold rules of reality
We have control of destiny
We have control of what's to be
Born, bred, beaten
Born, bred, beaten
Born, bred, beaten
Born, bred, beaten
New breed
New breed
New breed
New breed
New breed
(We are the new breed)
New breed
(We are the future)
New breed

(We are the new breed)
New breed
(We are the future)
New breed
New breed
New breed
New breed
