

Let Her Know

Latif

VERSE:

We were cool used to see you and stop
Speak (but that's all that it was)
Cuz see I had a girlfriend around that time.
But I knew it was something about you
That moved something inside me and I knew....
(Everytime) Everytime that they would mention your name,
I just couldn't explain
(No) Why I felt a rush in my chest.
Was it love, was it lust, couldn't figure what it was, girl you got a player stuck oh...

PRE-CHORUS:

Was falling in love?
From the top I was winning with her.
Aint felt that way before,
Soon as she would walk in the door - I was gone like a fiend
Thats when my heart asked the question to my brain, why you stalling, why you waiting here?
When you can't let her get away cause you know that you love her, you know....

HOOK:

You gotta go get the girl when you find that one.
If you wait and skate then u just lost one
When you know, let her know, when you know that its real.
If you're blessed with the chance to have found true love.
right a way, tell it stays, thats what u say to her
When you know, let her know, when you know that its real.
When you know (When you know)
When you know (When I know)
When you know, know, when you know.

VERSE:

Something inside eventually stopped
Like my heart felt a rush, I got stiff and my legs froze up.
Couldn't deny one look in your eyes, the most beautifulest thing - I gotta get you in my life yeah
The minute I go deeper inside, (I'm reborn cause I come alive with you)
In a whole new experience, girl I'm so serious, got me delirious.
Baby I'm feeling you.

PRE-CHORUS:

Was falling in love?
From the top I was winning with her.
Aint felt that way before,
Soon as she would walk in the door - I was gone like a fiend

Thats when my heart asked the question to my brain, why you stalling, why you waiting here?

When you can't let her get away cause you know that you love her, you know....

HOOK:

You gotta go get the girl when you find that one.

If you wait and skate then u just lost one

When you know, let her know, when you know that its real.

If you're blessed with the chance to have found true love.

right a way, tell it stays, thats what u say to her

When you know, let her know, when you know that its real.

When you know (When you know)

When you know (When I know)

When you know, know, when you know.

BRIDGE:

I've been feeling you a long time.

I done made it up in my mind.

I'ma get it off my chest and say exactly what I feel.

What it is keep your loving right here

Me scooping you, a straight come-up

Couldn't see myself in life with no other.

No baby, my lady, you drive me crazy.

I gotta let you know.
