

# Mercury Shadow

## Soilwork

Breakdown of a shadow unknown  
Tomorrow belongs to no one  
As I repent the things I've done  
There is a freeway heading for sorrow  
Breakdown 'cause you've had enough  
You've never felt so strong  
Steal away, steal away, let it all astray  
It's been so long  
We know how to spit or swallow  
Bring out the mercury shadow  
There comes a time  
With a feast on what used to be mine  
Sent from the front to the back  
All in numbers and hellish black  
There comes a time  
With a feast on what used to be mine  
Sent from the front to the back  
All in numbers and hellish black  
We know how to spit or swallow  
Bring out the mercury shadow  
Is this the statement that I feel?  
Accused to be an unbeliever  
Hit the lights and won't you please resign  
Way down and right on time  
Is this the statement that I feel?  
Accused to be an unbeliever  
Won't you shut all the doors in mind  
The ones you cannot find  
There is no way that I can see  
Why you keep on haunting me  
We know how to spit or swallow  
Bring out the mercury shadow  
We know how to spit or swallow  
Bring out the mercury shadow  
We know how to spit or swallow  
Bring out the mercury shadow
