

The Realness (feat. Eric Kupper)

RuPaul

Real is what you feel
Feelings aren't real
Put your money down
Place your bet and spin the wheel

Real is what you feel
Feelings aren't real
Put your money down
Place your bet and spin the wheel

Real is what you feel
Feelings aren't real
Put your money down
Place your bet and spin the wheel

Real is what you feel
Feelings aren't real
Put your money down
Place your bet and spin the wheel

The realness
Th-the realness

Gonna move into the house
Gonna move into the house
Ain't never going home

Gonna move into the house
Gonna move into the house
Ain't never going home

Feel it!
The realness, th-the realness
Catch it, touch it
Touch it, catch it
Flavor of this fever

The realness, th-the realness
Catch it, touch it
Touch it, catch it

Flavor of this fever

The realness
Th-the realness
The realness
Th-the realness

I know what I feel
What I feel is real
What I feel is real
'Cause I know what I feel

It's real
It's real
It's real
It's real
It's real
It's real
It's real
It's real

Put your money down
Put your money down
Put your money down
Place your bet and spin the wheel

The realness
The realness
The realness
The realness
FEEL IT!

The realness
Th-the realness
Catch it, touch it
Touch it, catch it
Flavor of this fever

The realness
Th-the realness
Catch it, touch it
Touch it, catch it
Flavor of this fever

The realness
Doesn't really matter if it's real (th-the realness)
The realness
Only really matters how we feel (th-the realness)

My love is real (the realness)
My love is real (th-the realness)
Is it real? (the realness)
My love is real (th-the realness)
The realness
