

Boto (W) Rap

Babes In Toyland

Shake this ground well of hate

This is why I rot away, this is why I rot away today

'Cause you wear this mistake that you make

That mostly that you makeI said why? Why? Why?

You have to try, shake

Should you shake well of hate

This is why I rot awayCall this kettle black

This is why I ricochet

Jack, he built his house on sand

And mud slidesI said why? Why? Why?

You have to try, quake

Shake, shake well of hate

This is why I rot away
