4ever

Prince

If I never get to hold your hand
If I never get to be your man

That's ok cuz I've got other plans
Right now, right now
If I never get to kiss your lips
If I never get to feel your hips
Close to me

That's ok I ain't gonna trip

Not now no how

Cuz I've for
Forever
Eternity is just one kiss away

So they say

The opera, Jill Scott or the fair
Cyprus, if I never get to take you swimming there
If you never know how much I care
I swear

It's not fair

If I never get to make you laugh
If we never get to take a bubble bath

I don't wanna part with you
Not tonight
If you gonna be a part of my past

I just want forever

Eternity is just one kiss away

So many things
We can do in the new world

I can be your future lover
You can be my future girl
If I never get to see your smile

Underneath the white veil
Walkin' up the aisle

I just might go crazy

I might go wild

So stop lookin' at me like that
Unless you want me to bite that
Forever

Eternity is just one kiss away

A million tomorrows
Is better than one day
Forever
