

What Can U Do

Rude Vinyl

Hey world, I can do it too

D4L, I can do it too

Bankhead, I can do it too

ATL, I can do it too

What can u do, oh, I can do it too, oh

What can u do, oh, I can do it too, oh

What can u do, oh, I can do it too, oh

What can u do, oh, I can do it too, oh

I can do it wit no hands, I can stand on one toe

Oh, I can lean wit it, rock wit it, bitch, I'm Fa-bo

You don't wanna see fo'-fo'

Don't test D4L, whole Bankhead we ready to go

When real killas at yo do', give up the blow, Mook-B

I was born in mackin', live it at times shawty was low

In the 'hood, I was the mark and I stunt 'cause I smoke 'dro

What can u do, oh, I can do it too

Get loose, pop 1, pop 2, I'm still goin', you through

What's happenin', what's up? I need gray goose off in my cup

And the geek just kicked in, can you do it like a truck?

I gotta see my doctor 'cause it's hard on the battlefield

That's why I keep my black shield 'cause God say don't kill

But know that we real when we come through

Got to scope in my demon to hunt you

Got a plot and a scheme to confront you

Swung on the big money, gotta 1, 2

All my niggaz on the block gon' roll

All my niggaz on the block gon' smoke

Strap-up, Stuntman, let's go

We're deep, we're deep

(Oh, oh, oh)

What can u do, oh, I can do it too, oh

What can u do, oh, I can do it too, oh

What can u do, oh, I can do it too, oh

What can u do, oh, I can do it too, oh

What can u do, oh, I can do it too, oh

What can u do, oh, I can do it too, oh

What can u do, oh, I can do it too, oh

What can u do, oh, I can do it too, oh

Whatever you do, I can do, bet y'all niggaz can't stunt like me

Hollywood Courts, nigga that's so true
Ain't no tellin' what the stunt might do
Whole car built wit big ole rims, now I got 'em lookin' like
Neva seen a Dodge Magnum wit emory in the head lights
Damn right, I buy real good
Trap that good in my neighborhood
Cross my heart and hope to die
Oh, my Lord, stay mack so fly
Why ask why? D4L, we'll neva die, fa real though
Still got a house on the hill, ho
Whatever y'all did, we can do it, folk
What can u do, oh, I can do it too, oh
What can u do, oh, I can do it too, oh
What can u do, oh, I can do it too, oh
What can u do, oh, I can do it too, oh
What can u do, oh, I can do it too, oh
What can u do, oh, I can do it too, oh
What can u do, oh, I can do it too, oh
What can u do, oh, I can do it too, oh
Flip day, yay, sell dem P's, I can do it too
You can buy that pussy and spoil that ho, I'ma leave that shit to you
You keep it real, stay sucker free, I do the same, too
I rep that Barn-Holms [Incomprehensible], nigga ask about Mook
You hatin' on D4L, nigga, motherfuck you
That's why yo girl and yo kids love the whole crew
We keep dem hits bangin' like we rockin' red and blue, hey
Trill gangsta niggaz, that ain't scared to damn shoot, hey
What can u do, oh, I can do it too, oh

What can u do, oh, I can do it too, oh
