

Buy American Machines

Emanuel

Hollywood's acting depressed.
Medicate yourself, the teacher said to the gun.
They are addicted to fear nicotineage queers are eating holes in the sun.
Sedation is safe and clean.
Buy american machines.
Abductor shopping at home; wire tap the phone.
Receive her sick and alone.
You gotta give me my fix.
God lives inside your TV turn it off as he goes broke and gets crucified.
Cause everything you do. I'll be watching you.
Fuck you.
