

End of an Era (feat. Evryday Tony)

Scarlet Jei Saoirse

Intro:

Huhhh, Huuhhh, huh,uhh uhh uhh

Things have gone crazy
My mind has been hazy
Taking on the world
Watchin it burn up
Havenâ€™t been good lately

Tryna survive this COVID
Heart aches from all the riots
Glad Trump is out
Come 2021
Can we rely on Biden?

This is the end of an eh, eh, era (are you ready, ready?)
This is the end of an eh, eh, era (are you ready, ready, ready?)
Ready for whatâ€™s to come?

Black peopleâ€™s hurtinâ€™
White people act burdened
Children are stressed out
Mothers are burned out
Povertyâ€™s growing
We have failed as a country
We have failed as a people
Has history taught us nothing?
When are we gonna evolve?

This is the end of an era (are you ready?)
This is the end of an eh, eh, era (are you ready, ready, ready?)
Ready for whatâ€™s to comeâ€
Ready for whatâ€™s to comeâ€
Itâ€™s about to get crazy
Itâ€™s about to get crazy

END OF AN ERA

Evryday Tony

Unh,

We survivinâ€™™
Imagine how live you gotta be
To ride in the streets
Fighting with police
With ya fist up
Screaming no surrender no retreat
Burninâ€™™ down buildings
Thatâ€™™s for hurtinâ€™™ our feelings
Statues came down cause that era is over,
For degenerate, confederate soldiers

Now tell me why Iâ€™™m nervous
Everytime I gotta cough or sneeze
Out in public, stop bugging
These are allergies
I know Biden got the vote by default
Cause every time Trump opened up his mouth to talk
I wonâ€™™t even mention the debate
Never thought Iâ€™™d see the day
Everyone wearing decorative masks on their face

Whatâ€™™s the moral of my story?
Iâ€™™m a rider
You should proud cause youâ€™™s a 2020 survivor
An end of an Era
Iâ€™™m asking whatâ€™™s next?
Now more than ever
We need progress

As a people

Itâ€™™ll be a process- true
The old ways ainâ€™™t work letâ€™™s try something new.
Fact or fiction
Time capsule rap for your future grandchildren
Hit play let em listen

Let me hit em wit a quote from Scarlet
â€œSometimes convenience is laced with poisonâ€• -end quote
Life is a fight, so fight - end note
Donâ€™™t choose the wrong side of right

LETâ€™S GO

This is the end of an eh, eh, eh, eh, eh, eh, era
This is the end of a era
