Satanic Surfers

Satanic Surfers

Got my first skateboard
It was really cool
I skated street
& I skated pool
Was out all day
I was out all night
Skatin' down the streets
And it felt so right
...I was evilYou go by the rules
But I do not
'Cause 666 is the number of my buttStole my first surfboard
At the age of 13
It was the greatest surfboard I'd ever seen
The waves were high
The sharks were there
But I was surfing
So I did not care
...'Cause I was evil
