Billy Mahonie

Ooh, I want you more
Than anyone ever wanted anyone before

And if I ever turned away,
Only was I trying to find out the words to say
All my life where I can't take you on my own

I need a little room to sway
You hold me anyway

All my life
Well, I can't take you on my own

I always told I would be there
I know that you are another me
so hold me closer and don't ever let me go

(Don't let me go)

I need a little room to sway
You hold anyway
All my life where I can't take you on my own

I always told I would be there
I know that you are another me
so hold me closer and don't ever let me go
