

Tyrant

Judas Priest

Behold 'tis I the commander
Whose grip controls you all
Resist me not, surrender
I'll no compassion call Tyrant, capture of humanity
Tyrant, conqueror of all
Tyrant, hideous destructor
Tyrant, every man shall fall Your very lives are held within my fingers
I snap them and you cower down in fear
You spineless things who belly down to slither
To the end of the world you follow to be near Tyrant, capture of humanity
Tyrant, conqueror of all
Tyrant, hideous destructor
Tyrant, every man shall fall Mourn for us oppressed in fear
Chained and shackled we are bound
Freedom choked in dread we live
Since Tyrant was enthroned I listen not to sympathy
Whilst ruler of this land
Withdraw your feeble aches and moans
Or suffer smite from this my hand Tyrant, capture of humanity
Tyrant, conqueror of all
Tyrant, hideous destructor
Tyrant, every man shall fall Mourn for us oppressed in fear
Chained and shackled we are bound
Freedom choked in dread we live
Since Tyrant was enthroned My legions faithful unto death
I'll summon to my court
And as you perish each of you
Shall scream as you are sought Tyrant, capture of humanity
Tyrant, conqueror of all
Tyrant, hideous destructor
Tyrant, every man shall fall
