## Sunset Black

This is all curious
How love will fall behind
These consequences
React on mind tooThrown out
I am
I will realize
Thrown out
I am
I will realizeIf we all just climbed out
To what you bring in me
Changing this all
What will we use to beThrown out
I am
I will realize
Realize
Thrown out
I am
I will realize
RealizeYou willYou willIt's so much for you
This time
I did it all for you
This time
