All My Love

KIRBY

ALL MY LOVE

Living on a full tank, but Iâ€™m leaving on E
See the worlds gotta a lot of pain,
But with you I feel free.
Uhmm, Mamma always told me girl,
Itâ€™s better to give than receive.
So Iâ€™m gonna listen to her, and give you all of me

Uhm You take the words out of my mouth,
You take the song out of my head,
You take the half and make it whole;
You take the worry out of my soul.
Baby take all my love out of me
Baby take all my love out of me

Uhm I just wanna give you thanks,
For being selfless with me.
Uhm Every body want something,
But you just want me for me uhm uhm
Such a super natural feeling,
Such a cosmic release.
Uhmm See the lover use to give me pain,
But with you I get peace, peace

Uhm You take the words out of my mouth,
You take the song out of my head,
You take the half and make it whole;
You take the worry out of my soul.
Baby take all my love out of me,
Uhm baby take all my love out of me

I wanna give it to you baby (6x) (Give it to ya, give it to ya)
I wanna give it to you baby, baby, baby, babyâ€¦.

Come on take all my love out of me
Uhm baby take all my love out of me
Uhm come on take all my love out of me
Baby take all my love out of me, Uhmmmm
