Suntan City

Luke Bryan

(It's 'bout that time a year again!)
It was bumper to bumper when I hit that county
So I stopped and let the top downSpeakers where a bumpin',
Little hip-hop somethin'
I was stirrin' up a coke and crownDidn't even check in the room,
We went straight for the beach,
Didn't even give the ice a chance to meltNow I'm scoutin' my spot,
Where we were gonna rock,
With the biggest buzz I ever feltNow I'm sittin' pretty in Suntan City,
Got the best view in the world,
Spendin' my days catchin' these rays,
Watchin' coconut covered girlsThey keep strollin' by,
And they keep rollin' in,
Like the waves on the sandYeah, I'm sittin' pretty in Suntan City,
With a cold one in my hand (Whoo!)Hey there cutie with a Kentuky coozie,
Have you ever hung with a Georgia boy?
And why don't you and your friends,
Ease on over here and chug a beer with Miss Illinois?Yeah I'm sittin' pretty in Suntan City,
Got the best view in the world,
Spendin' my days catchin' these rays,
Watchin' coconut covered girlsThey keep strollin' by,
And they keep rollin' in,
Like the waves on the sandYeah, I'm sittin' pretty in Suntan City,
With a cold one in my handI gotta buddy who blew all his money,
And he had to stay his broke-ass home,
He's been goin' crazy, blowin' up my phone
Wonderin' to know whats goin' onI tell him I'm sittin pretty in Suntan City,
Got the best view in the world,
Spendin' my days catchin' these rays,
Watchin' coconut covered girlsAnd they keep strollin' by,
And they keep rollin' in,
Like the waves on the sandYeah, I'm sittin' pretty in Suntan City,
With a cold one in my hand (Yeah!)Sittin' pretty, right here in Suntan City
