

# Do You Still

## Sway Penala

Reminiscing through the pages of my memories  
As I was going through a time together as of good times and bad  
I know what your dream was  
what the hell is this guy doing  
But I've been thinking of you quite a bit lately

And maybe yeah I feel, that i need to ask you if you still.....

Do you still think of me  
Do you still feel me with you  
are you still missing me  
Or am i gone from your memories

Do you still care  
Can i still move you  
Do you still love me  
'cos I think I still do love you

Iâ€™d never never asked to say goodbye no  
And I never really told you that I was sorry  
Baby I would take it all back if I could  
And may all big all big mistakes  
Now Iâ€™m still wondering if you still

Do you still think of me  
Do you still feel me with you (Ooh..)  
are you still missing me (missing me babyâ€™)  
Or am i gone from your memories Ooh

Do you still care  
Can i still move you (Can I still move you youâ€™)  
Do you still love me (please say you love me babyâ€™)  
'cos I think I still do love you

You are  
the melody for every song I sing  
and you are  
you are my life my heart my soul my everything  
but I was such a fool to let you walk out of my life  
darling come back to me

and tell me that you love me if you still

Do you still think of me (think of meâ€™)

Do you still feel me with you (Oohâ€™)

are you still missing me (but are you still missing meâ€™)

Or am i gone from your memories (Do youâ€™)

Do you still care (â€˜coz I still careâ€™)

Can i still move you (Can I still move youâ€™)

Do you still love me (Oohâ€™)

'cos I think I still do love you
