Winter Kills

Yazoo

Green in your love on bright days
You grew sun blind, you thought me unkind
To remind you how winter killsLost in daydreams you drove too fast and got nowhere
You rode on half fare when you got too scared
How winter kills

Tear at me searching for weaker seamsPain in your eyes makes me cruel, makes me spiteful

Tears are delightful welcome your nightfall

How winter kills
I'll tear at you searching for weaker seamsWinter kills
Winter kills
Winter kills

...
