Waiting(Acoustic)

There for Tomorrow

Were staring down constantly
With palms open and resting feet
Glancing up once and a while
To find some sense of reconcile
Open our eyes to see what's left
Looking for just one sign of breath
As soon as we think its okay
Well head our separate waysWhat are we waiting for
There's knocking at our doorSlowly but surely I'm turning this around
But there is something that I haven't found
Sooner or later you will be finding out
Sitting there waiting isn't so safe and soundThere's something that's been calling me
I feel that I'm still incomplete
Without knowing what I expect
There's no way that I can perfect
We hesitate with every step
Just one step closer to our death
Were anxious just to take a glance
This could be our last chanceWhat are we waiting for
There's knocking at our doorSitting there waiting isn't so safe and sound
